These byes are skipped later, no player needs to return to the tatami to bow again if there is no contest to be fought.

The first team reaching the majority of wins (4) is declared the winner. The remaining contests will not be fought.

It is compulsory that all athletes listed for the match compete until the team reaches the winning result. If during the match, in one contest, an athlete enters the tatami and refuses to compete, he will be given a direct hansoku-make (cannot continue in competition) and the opponent will be declared the winner. The losing athlete cannot continue in the next rounds. The team of the losing athlete can continue in the next round if applicable.

If the wrong athlete goes to the tatami for a contest that is not his own, he will be disqualified, and the opponent he was initially supposed to meet will win by fusen gachi.

If one team does not arrive for a match, the other team will be declared the winner. They are considered out of competition and cannot return for a later match (if applicable).

If there are an equal number of wins at the end of the match, there is a draw for the weight category that will compete in a golden score contest (see table below) to decide the winning team. The draw is done by computer and displayed on the athlete and public (big screen) scoreboards.
